

B.3 Progress Report

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year Plan

1. **GOAL: Expand the supply of assisted housing.**

Objectives: Apply for additional rental vouchers when available and where we meet the eligibility criteria;

Progress: The Executive Director and HCV Manager monitors the HUD Grant website to look for funding opportunities to apply for additional rental vouchers. JURHA did not apply for any additional vouchers. VASH voucher require an invitation from the VA and we are unable to determine at this time if Mainstream voucher are needed.

Maintain 98% or above occupancy rate in public housing;

Progress: FYE 2021 YTD adjusted average occupancy rate is 96.30%. COVID-19 offered greater challenges to lease-up during the critical months of February and March 2021. We did continue performing lease up while maintaining social distancing, however, we did drop our numbers a bit.

We utilize CFP funds to improve units to make them more modern. We continue to market our developments to attract desirable residents. We have updated our website and features photographs of our public housing apartments and list amenities.

In addition, we have continued exceptional success with EIV in catching fraud and unreported income. The downside to that success is the necessary eviction when the resident fails to sign a repayment agreement or attempt repayment of the back-rent due. Increased evictions and subsequent vacancies make a backlog for maintenance and make meeting our occupancy goals more difficult.

In an effort to modernize our units that are over 40 years old to make our aging units more marketable, JURHA will use CFP funds as needed for improvements.

2. **GOAL: Improve the quality of assisted housing.**

Objectives: Continue to maintain a high-performance status for public housing PHAS and Section 8 HCV SEMAP;

Progress: PIH 2020-33 – Waives the requirement for PHAs to submit an annual SEMAP certification in PIC within 60 days of FYE and during the period of time HUD will roll forward prior year SEMAP scores. We performed an internal audit for FYE ending 3/31/2021 with a score of 96%; however our rolled over score is 100%.

Improve customer satisfaction;

Progress: Our office has remained open during COVID19 and conducts all interviews by phone and allows mail in or drop off documents. All staff is also utilizing email to send notices and obtain verifications. JURHA has adopted HUD waivers PH and HCV-3 and PH and HCV-4 which waives the requirement to use income hierarchy and consider self-certification when the PHA or client is unable to get 3rd party verifications. We (HCV) developed tenant packets which are located in the lobby to allow HCV client to report changes with limited risk to the client and staff due to COVID19. We installed drop boxes outside to allow clients to drop off of all paperwork or other documents needed by the PHA. All tenant packets are also available on the JURHA website. We have set up direct deposit for landlord who wish to participate.

Public Housing and Maintenance Staff work together to answer resident calls and questions with prompt service and a cordial attitude. We pride ourselves in our excellent resident relations. We maintain our social media image with Facebook including pertinent resident announcements and sustain a quick response rate to questions. Public Housing is able to utilize the drop-box installed through the outside wall to an interior box for tenants to drop return documents. We also accept documents through the window, though our interior offices has remained closed to the public in order to limit exposure risk to client and staff from COVID-19.

Continue to provide high standards in management functions.

Progress: We have staff meetings to cover new PIH or changed to our Administrative Plan that are necessary to comply with the notices. Frequently e-mails are sent to the appropriate staff with clarifications that may be necessary to ensure compliance. All required Staff have viewed the mandatory EIV webcasts and for Annual Security Training each employee completed Cyber Awareness Challenge – Depart of Defense version at <https://public.cyber.mil/training/cyberawareness-challenge/>.

The Public Housing Manager reviews 100% of all annual and interim recertifications, and all move-in files.

HCV Manager reviews 100% of new move-in and HCV Housing Technician reviews all annual recertifications.

- 3. Increase the number of property owners willing to accept the HCV to open available housing throughout the community due to the lack of affordable housing for publicly assisted families in the HCV program.**

Objectives: Conduct outreach efforts to landlords to interest them in the HCV program;

Progress: JURHA publishes quarterly Landlord Newsletters that is mailed to owners who get a check and emailed to owners who have direct deposit. We cover various topics such as “Fair Housing, Reasonable Accommodations, Owners responsibilities, and VAWA”. All new landlords are provided a Nan McKay landlord Handbook. We attend NEA landlord association meetings to encourage participation in the voucher program by answering questions; however due to COVID-19 restrictions there have been no in-person meetings this year. The HCV Manager

coordinated a zoom presentation of Fair Housing hosted by Legal Aid of Arkansas on February 23, 2021. The HCV Manager also distributed information on the Rent Relief program to landlords.

Increase voucher payment standards in accordance with HCV budget and HUD guidelines;

Progress: The Voucher Payment Standard must be reviewed at least annually. The pandemic has cause a very tight rental market so JURHA increased the one, two and three-bedroom Payment standards to 100% of 2021 Fair Market Rent effective August 2021. Then after the 2022 Fair Market Rents were published all Payment standards were increased to 100% of 2022 Fair Market rent effective December 2021. **See Annual Review of VPS 10/1/2020 & 8/1/2021 and Annual Review of VPS 10/1/2021 in the HCV Managers office.**

Review & update Rent Reasonableness system to ensure paying appropriate rents;

Progress: JURHA contracts with Nan McKay to use their GoSection8.com website to conduct rent reasonableness determinations. GoSection8 incorporates ongoing real-time data mining of open market rental data from hundreds of rental listings websites and newspapers. The comparable database is updated daily, thus ensuring a current and accurate rental reasonable database.

Continue to offer three (3) JURHA 8 owned homes to the general public.

Progress: JURHA continues its efforts to offer the JURHA 8 owned homes to the general public.

One of the three JURHA 8 owned houses is rented to a voucher holder, one is vacant as it is being remodeled and will be leased as soon as remodel is complete.

JURHA HCDO will pursue partnerships with developers in the building and managing affordable of affordable housing.

Progress: JURHA HCDO is partnering with White River Regional Housing Development Corporation (WRRHDC) to submit an application to ADFA and the NHTF to construct a 20-unit two-bedroom development. If the application is approved the PHA will submit an application to HUD to Project-Base 20 Vouchers (PBV) for this development under the Non-Competitive process as the development will be designated Elderly and we would be partnering with the City's Veterans Village to assist persons who transition out of the Veterans Village. The PBV guidelines waives the competitive process for projects designated to assist this population.

4. **GOAL: Provide an improved living environment.**

Objectives: Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income complexes;

Progress: Public Housing continues to utilize a working income preference for selection for the waiting list. Utilization of the working income preference helps to ensure that we are moving incomes into our low income public housing properties.

Continue measures to promote income mixing in public housing by assuring access for lower income families into higher income complexes;

Progress: Public Housing continues to evaluate income mixes in public housing and offering accordingly to promote income mixing within the complexes. Since all developments are within a five mile radius in north Jonesboro, all developments are now considered one development within the PIC system, and all developments are within the extremely low income level, with considerations authorized in Step 4 of the Final Rule to Deconcentrate Poverty and Promote Integration in Public Housing, all JURHA developments fall within the Established Income Range. **See documentation in Income Deconcentration File in Public Housing Vault.**

Resident, or HCV participant. Public Housing shares resident tips of suspected drug activity with JPD contact to secure additional patrol and observation. JURHA can request an officer attend informal hearings where criminal violent or drug activity was the reason for loss of rental assistance or eviction.

Objective: Maintain and accuracy rate of reporting at 95% or better to PIC.
