

B.3 Progress Report

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year Plan

1. **GOAL: Expand the supply of assisted housing.**

Objectives: Apply for additional rental vouchers when available and where we meet the eligibility criteria;

Progress: The Executive Director and HCV Administrator monitors the HUD Grant website to look for funding opportunities to apply for additional rental vouchers. The only new voucher were FY 2024 Family Unification Program voucher and we currently have 45 FUP voucher which we have a difficult time lease so we would not be eligible.

Maintain 98% or above occupancy rate in public housing;

Progress: FYE 2024 YTD adjusted average occupancy rate is 97.76%. This was an increase from 3/31/23.

We utilize CFP funds to improve units to make them more modern by removing the paneling, old tile floors, cabinets, and all new fixtures. We continue to market our developments to attract desirable residents. Our website features photographs of our public housing apartments and list amenities.

In addition, we have continued exceptional success with EIV in catching fraud and unreported income. The downside to that success is the necessary eviction when the resident fails to sign a repayment agreement or attempt repayment of the back-rent due. This Increases evictions and subsequent vacancies and makes a backlog for maintenance and make meeting our occupancy goals more difficult. In FYE 2024 we had more tenants go through with the repayment agreement and did not have to evict.

In an effort to modernize our units that are over 40 years old to make our aging units more marketable, JURHA will use CFP funds as needed for improvements. In FYE 2024 we were able to modernize and update a few units.

For the year 2024 we did not pursue to build new units at this time.

2. **GOAL: Improve the quality of assisted housing.**

Objectives: Continue to maintain a high-performance status for public housing PHAS and Section 8 HCV SEMAP;

Progress: We continue to perform as a high performer in the Section 8 HCV SEMAP. **JURHA's final Section 8 HCV SEMAP score for the fiscal year ending 3/31/2024 is 100% and our overall performance is a high performer.**

We had a NSPIRE Demo Inspection; however, this was not scored which is why our PHAS carried over to 2024. Through use of CFP funds, we have modernized numerous aspects of our public housing stock.

Improve customer satisfaction;

Progress: HCV department allows flexibility by allowing families to drop off interim changes, notices to move, add members, and RFTA with a follow up by phone. Only Annual Reexamination require an in-office appointment. However, clients can make an appointment in lieu of dropping off. All staff continues to utilize regular mail, fax, and email to send notices and/or obtain verifications. HCV developed tenant packets which are in the lobby to allow HCV client to easily pick up form and have a slot to drop off forms after hours. All tenant packets are also available on the JURHA website. We have set up direct deposit for landlord who wish to participate.

Public Housing and Maintenance Staff work together to answer resident calls and questions with prompt service and a cordial attitude. We pride ourselves in our excellent resident relations. We maintain our social media image with Facebook pages including pertinent resident announcements, days the office will be closed for Holidays or weather, any job opening and we sustain a quick response rate to questions. Public Housing is able to utilize the drop-box installed through the outside wall to an interior box for tenants to drop rent payments or to return documents. We also accept documents through the window.

Continue to provide high standards in management functions.

Progress: We have staff meetings to cover new PIH or changes to our Administrative Plan that are necessary to comply with the HUD notices. Frequently e-mails are sent to the appropriate staff with clarifications that may be necessary to ensure compliance. All required Staff have viewed the mandatory EIV webcasts and for Annual Security Training each employee completed Cyber Awareness Challenge – Depart of Defense version at <https://public.cyber.mil/training/cyberawareness-challenge/>. Certificates are kept in their personnel file in administration.

The Public Housing Manager, Site Manager, and Assistant Public Housing Manager calculates 100% of all annual and interim recertifications, and all move-in files. Both Managers QC each other files monthly and the Public Housing Manager QC the Site Manager files.

3. **Increase the number of property owners willing to accept the HCV to open available housing throughout the community due to the lack of affordable housing for publicly assisted families in the HCV program.**

Objectives: Conduct outreach efforts to landlords to interest them in the HCV program;

Progress: JURHA publishes quarterly Landlord Newsletters that is mailed to owners who get a check and emailed to owners who have direct deposit. We cover various topics such as “Fair Housing, Reasonable Accommodations, Owners responsibilities, HQS, and VAWA”. All new landlords are provided a Nan McKay landlord Handbook. We attend NEA landlord association meetings to encourage participation in the voucher program by answering questions.

Increase voucher payment standards in accordance with HCV budget and HUD guidelines;

Progress: The Voucher Payment Standard must be reviewed at least annually. The pandemic has cause a very tight rental market so JURHA conducted a special review of the Payment Standard and received board approval to increase the PS to 110% of FMR. Families continue to have difficulty finding affordable units and at HUD suggestion we requested and received a waiver to raise our Payment Standard to 120% of the FMR. JURHA's board approved raising our Payment Standard to 120% of FMR effective 6/2/2023. The waiver will expire 12/31/2023.

When the FMR for CY 2024 were published we were in the basic range on all bedroom sizes except the 4 bedrooms and 6 bedrooms so they were lower to 109%.

See Annual Review of VPS 10/1/2023 and PIH Expedited Waiver New PS Amount 4/28/2023 in the HCV Administrator's office.

Review & update Rent Reasonableness system to ensure paying appropriate rents;

Progress: JURHA contracts with Nan McKay to use affordablehousing.com (an expansion of GoSection8.com) website to conduct rent reasonableness determinations. GoSection8 incorporates ongoing real-time data mining of open market rental data from hundreds of rental listings websites and newspapers. The comparable database is updated daily, thus ensuring a current and accurate rental reasonable database.

Continue to offer three (3) JURHA 8 owned homes to the general public.

Two of the three JURHA owned are rented to a voucher holder. One houses the Public Housing Resident Manager.

JURHA HCDO will pursue partnerships with developers in the building and managing affordable of affordable housing.

Progress: Currently JURHA has no partnership with developers and is not in the process of constructing any new developments being built at this time.

4. **GOAL: Provide an improved living environment.**

Objectives: Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income complexes;

Objectives: Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income complexes;

Progress: Public Housing continues to utilize a working income preference for selection for the waiting list. Utilization of the working income preference helps to ensure that we are moving incomes into our low income public housing properties.

Continue measures to promote income mixing in public housing by assuring access for lower income families into higher income complexes;

Progress: Public Housing continues to evaluate income mixes in public housing and offering accordingly to promote income mixing within the complexes. Since all sites are within a five-mile radius in north Jonesboro except Imboden, all sites are now considered one development within the PIC system, Imboden and Scatter sites are in the high range, Goff courts are in the low range, however the development is within the acceptable range, with considerations authorized in Step 4 of the Final Rule to Deconcentrate Poverty and Promote Integration in Public Housing, all JURHA developments fall within the Established Income Range. **See documentation in Income Deconcentration File in Public Housing Vault.**

Continue to share information with JPD as outlined in our Safety and Welfare Agreement to address criminal activity in Section 8 and Public Housing properties.

Public Housing shares resident tips of suspected drug activity with JPD contact to secure additional patrol and observation.
